Dear Sir/Madam,

We intend to award a contract to a local company for support to the MTAI in grouping/organizing mapped municipal powers and functions by sectors and recommending amendments to the existing national legislation on local self-governance, and in developing law-enforcement practice studies of local government authorities in specified sectors. The detailed Terms of Reference (ToR) of the assignment and the relevant Annexes are attached to this Call for Proposals.

If you are awarded the contract, you are not excluded from bidding for the implementation of the following project phase. However, a prerequisite for participation in a subsequent tender is that you do not benefit from your involvement in the previous contract and that the equal treatment of all bidders is ensured.

**Submission deadline**

If you are interested in performing this work, please submit a bid in accordance with the GIZ bidding conditions described below till 30.04.2024, 17:00 (date of receipt at GIZ). Proposals received after the deadline will not be considered.

Your bid should be submitted electronically.

**Electronical offer**

#### Procedural questions

Please address any commercial, technical and procedural questions at an early stage. Questions will be answered if they are received at the latest two working days before the closing of the tender. Questions must be raised *in writing by email only* to:

**Mrs. Liana Nikoghosyan**

**email: [liana.nikoghosyan@giz.de](mailto:liana.nikoghosyan@giz.de)**

Non-compliance may result to your bid not being considered.

#### Evaluation of Offer

We will evaluate the technical and price information in the received bids (see Annex).

After the technical evaluation, only the price offers of bids with more than 500 points will be opened and evaluated. Technical offers below 500 points will be considered as technical not acceptable. The technical offer has a weighting of T: 70%, the price offer F: 30%. The following formula will be used:

$$\frac{\text{technical evaluation of bid} \times T}{\text{technical evaluation of best bid}} + \frac{\text{most economical bid} \times F}{\text{price of bid}}$$

The final result is an overall ranking, headed by the most cost-effective bid. Contract negotiations will be initiated on the basis of this overall ranking.

Yours faithfully,
